

Your Response is Needed, Please!

What sets Murdock Elementary apart from other schools in our district? It's our parents' commitment to enriching our children's educational experience. The **Spanish Program** at Murdock is just one example. MESF also helps fund our new and growing **Science Lab Program** with a salaried Science Facilitator and lab materials. And, along with these unique programs, MESF satisfies many other capital needs at Murdock.

The curriculum-enriching Spanish and Science Lab Programs are primarily **funded by voluntary parent/guardian donations** to MESF and subsidized as needed by other MESF fundraisers that take place throughout the year. We are asking you to make a voluntary tax-deductible donation of \$50 per student to cover the cost of these programs for your child(ren) during the 2008-2009 school year. Every Murdock student will be offered these programs, regardless of your ability to pay. *However the future of these curriculum enrichment programs will be directly impacted by these contributions.*

Please complete and return the form below to the school. It is important that we receive a form for every child noting whether or not you will make a donation. We use it for budgeting and planning purposes and do not share the information with anyone outside of the MESF Board of Directors. We appreciate the support that the Murdock community has shown in the past and welcome your continued assistance. If you have questions, please feel free to contact me at: nicole_klein@mindspring.com.

Sincerely,

Turn in your form between April 21 - May 5 to enter the prize drawings!!

Nicole Klein
MESF Program Coordinator

Student Name: _____ Grade/Teacher: _____

Student Name: _____ Grade/Teacher: _____

Student Name: _____ Grade/Teacher: _____

Student Name: _____ Grade/Teacher: _____
